

R E M A R K A B L E

Executive: Governance / Registrar

Louise Fuller

be R E M A R K A B L E

Louise's career has been focused on rules and regulations. It began in the banking industry. The position of treasurer introduced her to the importance of compliance, which led to a 15 year career in accounting, culminating in a position as a financial manager. She followed up a diploma in bookkeeping with a Bachelors in Psychology and Communication at UNISA (cum laude) because of a wish to help others. This led her to take up a position as a Key Account Manager at The Da Vinci Institute. However, her focus on rules and regulations positioned her well to take on the role of Registrar.

Responsibilities:

The Registrar is responsible for The Institute's compliance with all regulatory requirements, quality assurance and maintaining an Integrated Quality Management System. The Registrar is also responsible for the security and rigour of student records with regards to application, admission, registration and graduation.

If you would like to contact Louise, please contact us on +27 11 608 1331 or alternatively email louise@davinci.ac.za
